Welcome

How Ordering Works

Ordering cabinet doors and drawer fronts for the first time can feel overwhelming. We get it. That is why Trinity Doors keeps the process simple, clear, and stress-free.

1 Choose your style

Pick your door or drawer front style and wood species.

2 Measure carefully

Measure each opening and write down the exact size.

3 Fill out the form

Complete the order form with sizes, quantities, and notes.

4 Call to confirm

Contact Trinity Doors so our team can verify everything before production.

Important: Submitting your form requests a quote only. It does not place your order into production. Production begins only after Trinity Doors reviews the details and confirms the order with you.

Step 1

Choose Your Door Details

Use the guide below to select the details for each opening.

1 Door or Drawer Front?

Decide what you need for each opening.

2 Choose a Style

Write the style name if you know it: Shaker, Raised Panel, Flat / Slab, or other.

3 Select Wood Species

List the wood you want, such as Red Oak, Maple, Alder, or another species.

4 Pick Profile Details

Add the panel profile, stile and rail profile, and edge profile.

If you already know the style name, write it on the form. If not, the Trinity Doors staff can help you choose the right option.

Built for you.

Step 2

Measure Carefully

Measure width from left to right.

Measure height from top to bottom.

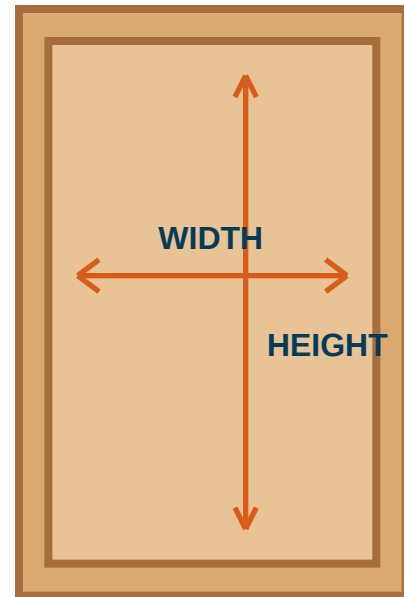

Measure each opening separately.

Write measurements to the nearest 1/16 inch.

Double-check every size before submitting.

Measure twice, cut once.

Accurate measurements help ensure the best possible fit and quality.

Tip: Do not assume every opening is the same size. Measure each one individually.

Step 3

Fill Out the Order Form

1

Contact Information

Date, name, phone, email, job name, or PO.

2

Door Details

Panel profile, stile and rail profile, edge profile.

3

Hardware / Boring

Boring, hinges, and drawer glides if needed.

4

Order Table

Quantity, width, height, door design, and wood species or notes.

Step 4

Review Before You Submit

- ☐ My contact information is complete.
- ☐ My quantities are correct.
- ☐ My widths and heights are correct.
- ☐ My style and wood species are listed.
- ☐ My boring / hinge / glide details are included if needed.
- ☐ My notes are clear.
- ☐ I signed the form and included my printed name, date, and time.

Thank you from the Trinity Doors staff.

Submitting your form does not place your order into production. Please call to confirm we received your form and to verify the details before the order moves forward.

This final review helps us measure twice, cut once, and deliver the highest quality product possible.

What Happens Next?

1

Submit your form

Send in your completed quote request.

2

You contact us

After submitting, call Trinity Doors to confirm receipt.

3

We confirm together

On the call, we review sizes, styles, notes, and any questions.

4

You approve

Once everything is confirmed, you approve the order.

5

Production begins

Your job moves into production only after confirmation.

Production starts only after we review and confirm the order together.

Our goal is a smooth, accurate ordering process from start to finish.
